MUSIC: KT Tunstall - Walk Like An Egyptian

Girls are totally cooler than guys.
(https://www.livejournal.com/away?to=http%3A//stereogum.com/archives/video/kt-tunstall-walks-like-an-egyptian_007923.html).

And yet, inexplicably, some girls like smelly boys.

I'm so glad I'm a boy. Cool is overrated. Girls are not.

And I know the best girls ever.

(This is where I start singing "Boys Keep Swinging," I think, until Daphne throws something at me. If I can improvise a microphone stand, I can probably even do the spastic Bowie dance. All I need is a white suit that's way too big for me.)

It's amazing how a normal week can turn out to have been a really good week, just because any of the bad things that could have happened didn't happen.

*Also, I think I'm totally in love. OMG. *Biceps*. And cleavage.

And sparkles.

I'll be in my bunk.

I totally would not throw anything at you.

At least not tonight.

I have the thank-god-that's-overs X2 X10. Or maybe X10 X2. Whatever. Send wine. And neckrubs. Waugh. What a week.

Also, Jessi was no problem at all, and man, anybody who has been through what she has been through... Well, okay. No excuse card, no doctor's note. We don't do that.

But I get it. And I get why Dad won't even let her see him through the grille. She'd kill him on sight.

Larry though. Jesus. Is like a freaking human Ebola virus. No conscience, nobody alive in there except.... the It. I hate myself for saying this, but I kind of wish Dad hadn't brought that one back alive.

Did Jessi *really* try to hit on you? Tell me you made that up.

X2 X10 are the same thing either way.

(She totally tried to hit on me. History of sexual abuse. It's how she relates to men. :-P Hello, ECR.)

re: Larry: I did not have to do him. He was full-time sedated back then. You got to skip Mrs. Chow, right? How were Eddie and Mr. Friendly?

I guess it's sort of a compliment, sort of, that she wants Dad DEAD.

I wonder how her It is processing gender? Because I think it is. She doesn't like women. She likes/doesn't like men. And her reaction to me... I dunno. I need to rewatch the video.

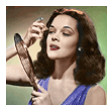

Eddie still kills me (figuratively speaking). God, I'm glad I wasn't there. No, no, don't want to discuss that

now. Ow.

New DID-modelled therapies with Mr. Friendly are either not working so good or he has to get worse before he gets better.

But you know what?

I still had a REALLY GOOD WEEK. So there.

Yeah. And then I remembered that somebody's biopsy came back negative, and the somebody cheerfully supplied me with wine and neckrubs, and all of a sudden I just felt like, Oh! Good week!

Is it It, or is it her processing the gender?

She doesn't just want Dad dead. She wants to pull his guts out through his bellybutton and hold them up so he can watch. And given what we're talking about here, I'm pretty sure that was literal truth she was expressing.

She liked me. In a very coy, kittenish, sixteen-year-old if-she-hadn't-been-chained-to-the-table-she-would-have-tried-wriggling-around-in-my-lap kind of way. But I am nonthreatening male #1,793 subtype A, so.

I just can't feel bad for Eddie. I can't. I don't want to, and I can't. But I feel bad for Dice.

Yanno, I'm not sure integrating Mr. Friendly is the right tack. It may be progress that he's scraped all that out and wadded it up someplace where he can't touch it. Like a cyst.

A cyst filled with pure fucking evil.

But I'm sure Dad has a Plan.

And as long as you had a good week, I had a good week. You taking tomorrow off? We still have more comp time than God. Think about how much vaca the president gets.

[February 1 2008, 02:04:14 UTC](#) [COLLAPSE](#)

You make it sound so cheap.

See, and I was just thinking that it would be the opposite of cheap. All those little thinking of you gifts, all those flowers, all those dinners...

Okay, the dinners wouldn't suck.

[cvillette](#)

[February 1 2008, 02:11:18 UTC](#) [COLLAPSE](#)

Can I sub in extra food for flowers?

[inaurolillium](#)

[February 1 2008, 02:14:28 UTC](#) [COLLAPSE](#)

You may sub chocolate for flowers, as long as she's not on a diet.
You gotta watch out for the ones on diets...

[cvillette](#)

[February 1 2008, 02:14:59 UTC](#) [COLLAPSE](#)

They can just shove the food in front of me. It gets taken care of.

[inaurolillium](#)

[February 1 2008, 02:18:32 UTC](#) [COLLAPSE](#)

Yes, but the ones on diets consider gifts of chocolate to be cruel. They're *going* to eat it, oh yes they are, but they're going to feel *guilty*, and that will be *your fault*.

This is part of why I gave up both dieting and dating Girls Who Diet*.

*By which I mean the ones who do it obsessively and faddishly.

 [cvillette](#)

[February 1 2008, 02:21:03 UTC](#) [COLLAPSE](#)

Technically speaking, I diet. Constantly. It's just that mine involves shoving giant bowls of cereal into my mouth six times a day.

But I do not understand Recreational Dieting.

 [inaurolillium](#)

[February 1 2008, 02:22:52 UTC](#) [COLLAPSE](#)

You have a specified, medically necessary diet, which has a whole different connotation to diet when used as a verb.

 [cvillette](#)

[February 1 2008, 02:26:15 UTC](#) [COLLAPSE](#)

And diet as a verb is not the same thing as healthy eating.

It's more like joining a cult.

 [inaurolillium](#)

[February 1 2008, 02:29:03 UTC](#) [COLLAPSE](#)

Precisely.

I prefer to follow Pollan's advice: Eat food. Not too much. Mostly plants.

Like you, I have more trouble eating *enough* food than too much, although for very different reasons.

 [cvillette](#)

[February 1 2008, 02:29:59 UTC](#) [COLLAPSE](#)

That's good advice.

Hey, beer is plants.

 [inaurolillium](#)

[February 1 2008, 02:35:34 UTC](#) [COLLAPSE](#)

And fungus. The fungus is important. Can't have beer without it.

 [cvillette](#)

[February 1 2008, 02:36:13 UTC](#) [COLLAPSE](#)

Fungus is *like* plants.

[trollcatz](#)
